ACCUSED FREED BANKER

CULPABLE, NOT CRIMINAL; SAYS DIST. ATTY.

Attorney for Accused Takes Exceptions to Statements in Court.

(Special to The Tribune)

SAN FRANCISCO, Jan. 17.—David H. Walker, president of the California Safe Deposit and Trust Company, accused together with J. Dalzell Brown and Walter J. Barnett of embezzlement of the Colton securities, is not to be prosecuted by the district attorney. The charges against Walker were dismissed in Judge Dunne's department of the Superior Court this morning on motion of Assistant District Attorney William Hoff Cook and Walker is now a free man.

It was just before the adjournment of court today that Assistant District Attorney Cook rose to his feet and mentioned the fact that the preliminary examination of Walker was on the calendar before Judge Dunne as a committing magistrate.

After a thorough examination of the facts in connection with the accusation against David Walker of embezzlement of the Colton securities, said Attorney Cook, "the district attorney's office has decided that there is no evidence showing any criminal action but rather that there was culpable negligence on the part of the defendant. He was undoubtedly not the proper man to be president of this bank or any other bank. But there are no facts showing that he was guilty of the disposition of these bonds, but rather that Walker J. Barnett and J. Dalzell Brown are the persons to blame."

ASK FOR DISMISSAL. "Mr. Walker's testimony will of itself be of no particular value to the prosecution and the reason we ask for a dismissal of the charge is because of lack of evidence."

Attorney W. H. Chickering representing Walker, sprang to his feet at this juncture and took issue with Cook regarding the terms used in referring to his client. He said that Crittenden Thornton the complaining witness in the case had said that Walker was in no way even culpable and that he had no knowledge of the disposition of the Colton securities.

Cook replied that there had been culpable negligence and that under oath Walker had admitted that Brown and Barnett had told him about the disposing of the securities.

Judge Dunne put an end to further wrangling by ordering the charges dismissed.

NO IMMUNITY, SAYS COOK. After court had adjourned and when Attorney Cook was interviewed upon the subject of the dismissal of the charges against Walker, he said:

"I took issue with Attorney Chickering and made the several statements that I did because I wanted it to be distinctly understood that Walker received no immunity contract in exchange for his testimony, and indeed that his testimony is of little value to us."

District Attorney Langdon, in a statement made shortly after his return from the East replied when directly questioned by a TRIBUNE reporter as follows:

"I can say that there will be no immunity for Walker or anyone else connected with the bank disaster in this city."

The action of the District Attorney's office in dismissing the charges against Walker because of lack of evidence, coincides with the opinion as expressed by Mr. Langdon at that time.

These officers will take careful note of the Oakland harbor of the proposed work to be done there, and will be shown the vast possibilities of Oakland and its great needs in the harbor line.

Prisoner's Young Wife Goes on the Stand Just for a Moment.

(BY ASSOCIATED PRESS.)

NEW YORK, Jan. 17.—The defense at the Thaw trial continued today to build up its net of irrationality around the man accused of the murder of Stanford White. Two important witnesses at the morning session were Miss Alice Fletcher, a long time friend of the Thawes and frequent visitor at their

ATAMFDA, Jan. 17.—The second trial of M. Gaudier on a charge of selling liquor without a license resulted in his conviction. All of yesterday and until 8 o'clock last night testimony was taken. His first trial resulted in a disagreement.

LANGDON DOESN'T KNOW HOW TO HANDLE RUEF, SAYS DUNNE

(Special to The Tribune)

SAN FRANCISCO, Jan. 17.—Judge Dunne is still very much at sea as to what the prosecution intends to do with Abraham Ruef. The jurist is inclined to think that the District Attorney's office does not know just what to do. Langdon has not been to see him since the interview following the conference with Ruef and he has not been consulted by any of the members of the prosecution.

"The whole thing seems to me to be a mere matter of speculation," said Judge Dunne this morning. "No there have been no further conferences with me. I have not seen Mr. Langdon nor any other representative of the District Attorney's office. I don't believe then know themselves just what they are going to do. I made my position clear at the time I was consulted in regard to immunity contract and I don't know as there is anything

more I can say.

"Is it absolutely necessary for the District Attorney's office to secure the cooperation of the trial judge in connection with the granting of immunity?" Judge Dunne was asked.

"I should say that it were better if there were an understanding between them."

Judge Dunne said that he had no idea regarding any of the plans of the prosecution and that there was nothing further he could add in this connection.

Ruef, who came into court in connection with the Parkside cases this morning had little to say. He was indignant at what he was pleased to call the reflection cast upon him by a statement in the morning paper of yesterday to the effect that he had had a day off in his office.

I did not go to my office for a little time waiting an answer from the district at-

torney," said Ruef, "but I purposely denied myself to all callers except the newspaper men and my father and sister."

Ruef said today that he expects momentarily to be called into a conference with Langdon and Burns. He is not sure that it will take place today, but he received a request to be ready for it and did not return to the county jail following the adjournment of court.

OAKLAND HARBOR IS INSPECTED BY UNCLE SAM

Government Engineers Make Tour of Local Waterway as Guests of Representatives of This City.

Col. Daniel W. Lockwood, Col. F. S. Leach and Capt. A. H. Weber of the board of United States harbor engineers, visiting the coast for the purpose of inquiring into the feasibility of the proposed harbor improvements in this State are the guests this afternoon of the chamber of commerce and business men of Oakland.

The party left San Francisco about noon and were met at the narrow gauge pier shortly after 1 o'clock by the Oakland entertainers and are now making an inspection of the Oakland harbor in a tug. They will return from the trip about 4 o'clock and then will be taken in automobiles for a tour of the city.

In the party entertaining them is Mayor Frank Mott, City Attorney McElroy, City Engineer Turner, W. J. Layman and E. C. Sessions, officials of the National River and Harbor Association, W. A. Boole and Secretary Edward Stearns of the Oakland chamber of commerce and Secretary Edwards of the California promotion committee.

These officers will take careful note of the Oakland harbor of the proposed work to be done there, and will be shown the vast possibilities of Oakland and its great needs in the harbor line.

2 GIRLS BURNED ALIVE; 200 NARROWLY ESCAPE

Factory Blazes; Panic Results; and Women Faint Amid the Roaring Flames.

(BY ASSOCIATED PRESS.)

SCRANTON, Jan. 17.—Two girls were killed and seven others seriously injured in a fire today in the building occupied by the Imperial Underwear factory. Two hundred girls were employed in the building and there was a panic when the alarm of fire was sounded. Florence Walters was caught in the burning building and she met a horrible death in the flames. Miss Buckle, with a number of other girls jumped from the fire escape and broke her neck.

All injured were burned on the fire escape before jumping and they are suffering from broken limbs and internal injuries.

The fire is supposed to have been started by the upsetting of a glue pot in the warehouse of the Economy Furniture company, located in the basement of the building which was four stories high.

The flames spread rapidly and most of the girls on the third and fourth floors fled to the fire escapes. These got as far as the second story and from there they jumped to the streets.

Many of the girls fled down the narrow stairway of the building. In their terror some fainted and there was a jam on the stairs which threatened serious consequences, but fortunately the firemen were able to get them all out safely before the fire reached that portion of the building.

The loss is estimated at \$100,000.

LEAK IN THE TUB FOR IMMUNITY BATH FOR RUEF

(Special to The Tribune)

SAN FRANCISCO, Jan. 17.—One of the mysteries of the graft prosecution is what has become of the negotiation commenced several days ago for the liberation from jail of Abe Ruef and the pledging to him of immunity from punishment for any of his acts in connection with the graft cases in this city.

Even Rabbi Nieto who several days ago threatened to make a statement which would startle the public unless the graft prosecution kept faith with Ruef has become silent. District Attorney Langdon absolutely refuses to talk on the subject. He will not state whether or not the ques-

tion of immunity has been dismissed directly or whether it has been dropped by Henry who it is well known has been chagrined at Ruef's refusal to testify as desired by the prosecution.

RUEF HAS THEM IN A HOLD. There is something wrong in this matter of delay and it is of the best known attorneys of this city today. There is no question but that the prosecution is vexed at Ruef because of the embarrassing position in which it is placed by the ex-hoss in the Ford case. You will remember that

YOUNG MRS. THAW TAKES WITNESS STAND

(Continued from Page One.)

...oceanic man, or a person of ... mind.

ACTED ODDLY, SHE SAYS.
"He impressed me always as a person who was not rational," declared Miss Fletcher. "He often acted oddly and would leave his meals untouched."

"Did you ever counsel with his mother as to Thaw's mental condition?" asked the prosecution.

"I remember his mother's anxiety and her speaking to me about it."

"Do you remember anybody you ever discussed the matter with?"

"I never discussed Harry Thaw with anybody."

JEROME ASKS OF LOVE.
"Mr. Jerome asked many questions as to the ideas of irrationality the witness entertained," she then started to inquire as to whether she had ever before observed a young man very much in love with a young girl, when Justice Dowling interrupted to say there was nothing in evidence so far as to any young girl.

"Well," said the prosecutor, "had you ever before observed a young man who told you of a beautiful young woman who had been greatly wronged?"

"No."

Miss Fletcher insisted that Thaw's talk constantly was incoherent with a shifting of subjects. She could not recall any particular occasion on which there had been a violent outbreak.

FORMER NURSE TESTIFIES.
Catherine Neill, an elderly woman, who was a nurse in the Thaw family for six years and took charge of Harry Thaw when he was between three and four years of age, testified as to the childhood of the defendant. She described him as very nervous and moody. He would have nervous outbreaks which would end in complete collapse. His mouth would twitch and there were general facial contortions. The nervous outbreaks occurred during all the years the nurse was in the employ of the family, causing her to reach the conclusion that Harry's mind was affected.

District Attorney Jerome sought, on cross-examination, to show that Thaw was simply a child of a nervous disposition and an ungovernable temper. The nurse admitted he showed all of these tendencies. It was necessary, she said, to call on the family physicians after these outbreaks. Thaw suffered from St. Vitus dance.

CALLS YOUNG MRS. THAW.
Mr. Littleton her caused a ripple of excitement by calling Evelyn Nesbit Thaw to the stand. It had been said yesterday and again this morning that she would not be a witness until next week.

Young Mrs. Thaw, in her blue school girl dress, appeared promptly and walked briskly to the witness chair where Clerk Penny administered the usual oath.

While Mrs. Thaw was sitting with anxious face ready for her examination,

OPERATE ON OLIVE SCULLY WITH ARMED GUARD NEAR Woman Is Critically Ill and It Is Feared by Doctors That She May Not Recover.

Olive Scully was resting easy this morning, after having been operated on last night at Fablos hospital, and her physician, Dr. S. H. Buteau, pronounced her chances for recovery better.

The operation was performed by Dr. Buteau, assisted by Drs. Hamilton and Curditt. Blood poisoning was found to have set in to a dangerous extent, and death would have resulted in a short time if the operation had not been performed.

Mr. Littleton changed tactics and asked her to withdraw for the time being, to make way for Policeman Thomas F. Lynch, who was doorman at the Tenderloin Police station at the time Thaw was confined there following the shooting of White.

Lynch repeated the testimony he gave at the former trial, as to Thaw complaining the morning after his arrest of hearing the voices of children 10 or 12 years of age in the tier of cells above his own. The officer said to Thaw:

THAW'S ACTIONS AT STATION.
"No, you must be dopy; I don't hear anything."

Thaw's action in the station impressed the witness as irrational.

The officer said that he was on duty at the station when Thaw first was brought there, followed Lynch, and his opinion was added to that of his brother officer, that Thaw acted like an irrational man. Barrett declared on cross-examination that Thaw, when arraigned at the Sergeant's desk at the police station, appeared like a man who has been stabbed or shot himself.

"His eyes were something terrible," exclaimed the witness. "They stuck out like two hard-boiled eggs."

The officer said the district attorney renewed the battle after he had had at the first trial the cross-questioning was continued at great length. Thaw, the doorman declared, complained during the night that some one was beating and abusing little girls in the station.

MRS. THAW MEETS HER SON.
Mrs. William Thaw saw her son for the first time in months during the noon recess. The meeting was affectionate.

Evelyn Thaw, then 16, came in during the interview and it is said she was cordially greeted by the elder woman.

When the afternoon session began Mrs. William Thaw was called and questioned by Mr. Littleton. Thaw looked intently and earnestly at his mother, who was very pale and weak in sharp contrast to the ruddy good health which marked her appearance a year ago.

Her testimony closely followed that of the first trial, beginning with the return of her son to his Pittsburg home in November, 1903, after Evelyn Nesbit had told him her story in Paris that summer.

"Usually Harry came home buoyant and joyous," she declared; "but this time there was not a smile."

Mrs. Thaw said she asked her son what was the matter.

"I can't tell you, mother," he replied; "I never can tell you."

The mother then repeated what she had related on the stand last year as to her son crying and moaning during the night

THERE IS NO SECRET

About Our Cod Liver Preparation—Vinol.

So many patent medicines and advertised cures are now offered to the public that we want to call the special attention of the people of Oakland to the fact that Vinol is not in any sense a secret of patent medicine.

For centuries medical men the world over have recognized the great tonic and curative elements contained in the cod's liver, but how to extract these medicinal elements from the useless and repulsive oil which enveloped them has been the problem hitherto unsolved.

This was finally accomplished by two eminent French chemists, and the result is Vinol, a delicious modern cod liver preparation without oil, made by a scientific, extractive and concentrating process from fresh cod's livers, thus combining with peptonate of iron all the medicinal, healing, body-building elements of cod liver oil, but no oil.

As a body builder and strength creator for old people, delicate children, weak, run-down persons, after sickness and for Chronic Coughs, Colds, Bronchitis, and all throat and lung troubles Vinol is unequalled. Try it on our offer to return money if it fails to give satisfaction. The Owl Drug Co., Oakland, Cal.

TELLS MOTHER OF EVELYN.
Mrs. Thaw said she frequently asked her son what was worrying him and finally he declared that a beautiful young girl he was interested in had had a terrible experience in New York. The mother told him he should not worry much about such matters, that the girl had a mother who should care for her. Thaw replied that the girl's mother had not looked after her and that was why it all had happened.

Harry Thaw eventually told his mother the young girl's name was Nesbit.

"The name meant nothing to me," declared the witness, "for I had never heard of the young woman before Harry said it had all occurred when Miss Nesbit was a little girl. It was in New York, he said. I tried to impress upon him that he was not responsible for the sins of other men."

"Did you call in a physician?" asked Mr. Littleton.

"I did not, but Harry called in our family physician."

Mrs. Thaw next told of the day when she and her son went to Thanksgiving Day services at the Presbyterian Church at Pittsburg when Thaw broke down and cried while the choir was singing Kipling's recitation.

"Just to think," Thaw sobbed, "if it had not happened, she might have been here with us today."

Thaw said to her that the Nesbit girl had been put on the stage by her mother.

"But she will never be able to make a living," he exclaimed. "She will never be a great actress, and poor actresses, mother, go under."

In 1904, the family went abroad and Harry was left at a watering place in France.

"When did you next see him?"

"Not until the sensational return to New York of the two on the same steamer, Evelyn and Harry came on the same steamer."

Mrs. Thaw said she was not pleased with the notoriety and sent for her son. He declared there was nothing wrong in anything he had done and that the young woman had been very all. Mrs. Thaw told of her consent early in 1905 to her son's marriage with Miss Nesbit.

POPE LOOKS INTO THE HANNA CASE

Cardinal Gotti Presents to His Holiness Report of Action of the Propaganda.

ROME, Jan. 17.—Cardinal Gotti, prefect of the congregation of the propaganda, has presented to the pope a detailed report of the meeting at which the question of appointing Rev. Edward J. Hanna coadjutor archbishop of San Francisco was considered.

The pope inquired of Cardinal Gotti as to the minutest details of the whole question, interrogating the prefect with regard to the information favoring Falconio, apostolic delegate at Washington, the wording and substance of the charges and the explanations given by Dr. Hanna, together with the arguments presented by Dr. Hanna's supporters to the propaganda.

At the conclusion of the conference the pontiff approved the decision of the propaganda, which held the matter of the appointment in abeyance and required Dr. Hanna to publish an explanation of his articles involving the charge of modernism and asked the cardinal to keep him informed as to developments.

Do You Enjoy Your Meals?

One of the Most Important Questions to Consider in the Search for Happiness and Health.

The burning question to you is, "Are you getting out of life all the pleasure and the health you are entitled to?" If not, why not?

No matter whether every organ and member of your body is in a sound state of health and strength, if your stomach is in any way disordered, you are not going to be "yourself." You are going to be a worried, out-of-sorts, nervous or sullen individual, whose actions will reflect your condition inside, and people will naturally avoid you.

The world wants to smile, and be cheerful, and unless you are cheerful and smile, at least occasionally, you will have few friends, fewer opportunities, no success, and you will go down in defeat—defeated by dyspepsia and a bad stomach.

A good and thorough digestion has a quick, wonderful reaction upon the brain. You must have noticed it many times, for the brain and stomach are as intimately connected as a needle and its thread. One can hardly be used to advantage without the other. If your stomach is slow and lazy in digesting your food, it will produce at once a slow, lazy and cloudy influence upon your brain. Mark it! If your stomach has absolutely quit work, and fermentation is poisoning your vitals as a result, surely your brain is going to be sluggish and correspondingly depressed. No one need tell you that.

But why continue to suffer all the miseries and torments that a disordered stomach brings you? If your stomach can not digest your food, what will? Where's the relief? Where's the cure? Stuart's Dyspepsia Tablets are the relief and the cure. Why? Because, as all stomach troubles arise from indigestion and because one ingredient of Stuart's Dyspepsia Tablets is able to thoroughly and completely digest 1000 grains of any kind of food, doesn't it stand to reason that these little Dyspepsia Tablets are going to digest all the food and whatever food you put into your stomach? Science nowadays can digest food without having to use the stomach for it. And Stuart's Dyspepsia Tablets are the result of this scientific discovery. They digest and digest thoroughly and well, anything and everything you eat.

HUGHES FAILS TO GET INDORSED

Boomers for Second Time Meet Defeat Before Republican Committee.

NEW YORK, Jan. 17.—For the second time the Hughes boomers, after one of the bitterest of fights last night, tried to force through the county committee a resolution to indorse Governor Hughes as a candidate for the Presidency and for the second time met defeat. The committee adjourned at midnight without having indorsed any candidates.

The defeat of the Hughes contingent was foreshadowed at the meeting of the executive committee held in the afternoon. At that time district leaders representing 97 votes in the full committee voted to force through the resolution when it came up under the order of business, while the leaders representing 42 members voted against taking any action.

Before the night meeting two of the district leaders had switched and these, with a number of absentees, cut down the plurality that Chairman Parsons had lined up. The vote on a motion designed as a test of strength showed 222 votes for the Hughes resolution and 202 against it.

SAN FRANCISCO, Jan. 17.—The sixtieth anniversary of the discovery of gold in California on January 24, 1848, and the signing of the treaty of peace between Mexico and the United States on February 2, 1848, will be celebrated at Pioneer Hall on January 25 at 3 p. m. The affair will be under the joint auspices of the Society of California Pioneers, Associated Veterans of the Mexican War, their wives and daughters, and the Daughters of California Pioneers. The representatives of Mexico are specially invited guests.

SUBMIT COMPETITIVE PLANS FOR NEW CLUB

SAN FRANCISCO, Jan. 17.—Competitive plans for the new clubhouse of the Pacific Union Club have been submitted. The club intends to build on the site of the Flood mansion, California and Mason streets, opposite the Fairmont hotel. The estimated cost will be between \$500,000 and \$1,000,000. The following architects submitted plans: Albert Pissis, Reid Brothers, D. H. Burnham & Co., represented locally by Willis Polk; Macdonald & Applegarth, Bliss & Faville, Lewis Hobart, Clinton Day and Trowbridge & Livingston.

BABY BURNS TO DEATH WHILE PLAYING HOUSE

SANTA CRUZ, Jan. 17.—Five-year-old Flora Marildi of 5 Pioneer street died Wednesday night, after seven hours of suffering from severe burns, both internal and external. The child had been playing at making house among the ashes of a fire when a man in her father's employ had left in the yard, using bricks to build a playhouse and the still warm ashes to make a fire. Her clothing caught fire and she ran about the yard with her clothing ablaze until her mother's attention was called.

KNIGHTS OF COLUMBUS TO MAKE PILGRIMAGE

VALLEJO, Jan. 17.—Eight hundred members of the order of Knights of Columbus from San Francisco, Oakland, Sacramento and Napa will make their annual pilgrimage to this city Sunday. A special boat will carry the San Francisco Catholic fraternal men, special trains the Oakland and Sacramento visitors and special electric cars will run from Napa. Following the celebration of mass in St. Vincent's Church Sunday morning the entire afternoon will be devoted to the exemplification of the second and third degrees upon about one hundred young men.

READY WITH REPORT ON CURRENCY BILL

WASHINGTON, Jan. 17.—After two sessions of the Senate Committee on Finance the members of the committee in possession of a fair idea of what shape the Aldrich financial bill will be in when it is reported next week. It is said to be practically certain that the limit of extra currency which the bill provides for will be raised from \$250,000,000 to \$500,000,000. The tax on the emergency issues will not, it is believed, be placed higher than 5 per cent, which the bill now provides.

NEW YORK DEMOCRATS INDORSE W. J. BRYAN

NEW YORK, Jan. 17.—Resolutions pledging the support of the Progressive Democratic League to the candidacy of W. J. Bryan for the Presidency were adopted at a mass meeting held under the auspices of the league at Cooper Union last night. The principal address was made by Senator Jefferson Davis of Arkansas.

TAFT AND FORAKER DECLARE SHORT TRUCE

CLEVELAND, Ohio, Jan. 17.—Temporary peace reigns among the Taft, Foraker and Roosevelt followers. Secretary of State Thompson and the State Central Committee yesterday decided that the best policy would be to recognize the "regular" committees for the time being. All of the convention calls will be withdrawn by agreement and a new call issued by the "regular" committee.

California Druggist Recommends Swamp-Root, The Great Kidney, Liver and Bladder Remedy

Mr. Miller in Speaking of SWAMP-ROOT, says

"As a druggist you naturally feel secure when you know that the medicine you are selling is absolutely pure and contains no harmful or habit producing drugs. Such a medicine is DR. KILMER'S SWAMP-ROOT, the great Liver, Bladder, and Kidney Remedy. Many of my patrons have taken SWAMP-ROOT and obtained beneficial results; this medicine is not a stimulant, it is taken in teaspoonful doses, and is only recommended for ailments as advertised. I know that SWAMP-ROOT is a scientific compound of vegetable herbs and roots and is nature's great helper in relieving the ill.

"When selling this great medicine a sworn statement of its purity is given with each and every bottle, which gives not only a feeling of security to the purchaser, but to the druggist, who is virtually interested in his customer."

Symptoms of Kidney Trouble

Swamp-Root is not recommended for everything, but if you are obliged to pass your water frequently night and day, with smarting or irritation in passing, brick-dust or sediment in the urine, headache, backache, lame back, dizziness, poor digestion, sleeplessness, nervousness, heart disturbance due to bad kidney trouble, skin eruptions from bad blood, neuralgia, rheumatism, lumbago, bloating, irritability, worn-out feeling, lack of ambition, maybe loss of flesh, sallow complexion or Bright's disease may be stealing upon you, which is the worst form of kidney trouble. Swamp-Root is pleasant to take.

To Prove What SWAMP-ROOT, the Great Kidney, Liver and Bladder Remedy, Will Do For YOU, Every Reader of the "Oakland Tribune" May Have a Sample Bottle FREE.

EDITORIAL NOTE.—So successful is Swamp-Root in promptly overcoming even the most distressing cases of kidney, liver or bladder troubles, that to prove its wonderful merit you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonial letters received from men and women who found Swamp-Root to be just the remedy they

needed. The value and success of Swamp-Root is so well known that our readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say that you read this generous offer in THE OAKLAND TRIBUNE. You can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere.

BAR 'PEDDLING' OF SALOON LICENSES

City Council Committee Will Not Allow Transference of Permits.

The City Council will not permit the "peddling" of liquor licenses, now that a limit has been placed on the number of saloons in Oakland. This was shown last night when the license committee refused to permit the Oyster Loaf Company to transfer its license to M. L. Kaiser, who wants to conduct a business at Washington and Fourth street.

"I move that the Oyster Loaf license be revoked because of this attempt at peddling it," said Councilman Everhart. But as it appeared that the Oyster Loaf restaurant had gone out of business and would forfeit its license in four days anyhow, his motion was not adopted.

ADMIRAL SCORES CIVILIAN HEADS OF THE U. S. NAVY

McCalla Declares 'Ruinous Mistakes' Are Made by Those in Charge of Warships.

(By Associated Press.)

SANTA BARBARA, Jan. 17.—Radical reorganization of the navy should be undertaken at once, in the opinion of Rear Admiral McCalla of this city. The lack of preparation of this country for war, is a matter, he believes, that demands early and serious consideration.

"Other nations have made mistakes in building warships," said the Admiral, "and with a navy department under a civilian secretary, a department with height different bureau and civilian sub-secretaries, ruinous mistakes are only what might be expected."

"Building and organizing a navy is a business in which experience is essential. It would be no more foolish to put a lawyer or a doctor in charge of a great railroad, than it is to put a civilian at the head of the navy."

ADMIRAL EVANS MUCH SICKER THAN SUPPOSED

RIO JANEIRO, Jan. 17.—Admiral Evans is a sicker man than he is supposed to be. When the fleet arrived here last Sunday afternoon it was announced that he was suffering so severely from an acute attack of rheumatism that he could not leave his bed and had designated Admiral Thomas to represent him in official calls on shore and at various festivities arranged in honor of the fleet's visit.

FATHER SESNON DENIES HE HAS FORSAKEN PRIESTHOOD

IS NOT TO GO ON OPERATIC STAGE

Says Story About Abandonment of Pastorate Is Without Foundation.

In a morning paper there was published today a strong, based on a paragraph which appeared in a New York weekly paper to the effect that the Rev. Robert Sesnon, who has been connected with St. Mary's Catholic Church in this city for some years past, had abandoned the priesthood and embraced the profession of the operatic stage.

The story has been in circulation for some time, but there is not the slightest foundation for it. Denial was given to it by the clergyman in question this morning when the matter was brought to his attention by a representative of THE TRIBUNE.

Speaking on the subject Father Sesnon said: "I am here, you see, and that is proof that I have not gone on the operatic stage. I have no intention of going on the stage. I do not intend to leave the priesthood. I am perfectly contented and happy."

LIKES CALIFORNIA. "It is true that I was away for a time, but it was on leave of absence. Part of the time I spent with my friend, Lieutenant Governor Porter in Santa Cruz county. I was there for several months. I then went to New York, then to London and then to Paris. But I got homesick for California and came back. My leave of absence does not expire till the first of next May."

"While I was away I said mass almost every day—that is when the church was not too far from where I was staying. I have been back here since December 20 and have been performing the duties of my position as usual."

"The leave of absence was granted for the reason that I had not been well. I had over exerted myself and my physician had advised me that it would be advisable for me to take a vacation. But I say, although I know Paris well, I got homesick for California and came back before my leave of absence expired."

GENERAL FIRE ALARM CAUSES EXCITEMENT

A slight blaze among the smoldering ruins of Wednesday night's fire at Twelfth and Castro streets was the cause of a general alarm being sounded over the city about 8 o'clock last night.

For a time the people in the streets were in a flutter of excitement, thinking that another large conflagration was under way. It did not take long for a crowd of 1500 people to gather at the scene, and the police had all they could do to preserve order. The fire department made remarkably quick time in answering the call and extinguishing the blaze.

NEW PARK OPEN TO PUBLIC SOON

"The Grove," as the old De Fremery home, on Sixteenth street, is known, will be thrown open to the public as a park on April 1. The place is to be known as De Fremery Park, under the arrangements made by the city with J. L. De Fremery, owner of the property at the time of its purchase by the city, on December 24. The sum of \$125,000 was paid for the ground.

Under the arrangements the De Fremery family will continue to occupy the house for three years and will keep in repair the buildings, but the grounds, with their jungle of vegetation and dense groves of oaks, will be open to the public as a park.

SCRANTON STUDENTS TO FORM FRATERNITY

A meeting of the local students of the International Correspondence Schools will be held at 475 Eleventh street, Saturday evening, for the purpose of furthering plans for the organization of an I. C. S. fraternity.

There is a social organization recently instituted by the headquarters at Scranton, and is somewhat along the line of work adopted by the Y. M. C. A. It is also an order for mutual aid and benefit. It combines all the good features of the best fraternal organizations with many others especially adapted to I. C. S. students.

Another mass meeting of both Oakland and San Francisco students will be held in Lyric hall, Turk and Larkin streets, San Francisco, next Wednesday evening, UNE.

It is a veritable library of universal knowledge between two covers. The World Almanac is in use in the public schools of Greater New York, has been adopted by most of the Normal Schools and hundreds of Public, High and Grammar schools throughout the country. It is certainly a book that should be in every library and in every home.

Manufacturers Make Important Change in Policy.

The oldest inhabitant will recall the virtues of Ivory Soap and remember how that it has been a "home companion" for two score years. Soap may come and soaps may go, but Ivory goes on forever. Not in Magar Zvel and on billboards will those splendid pictorial advertisements be seen for some time exclusively, but only in such newspapers in each community as are able to show that they appear, each evening in the best homes. Messrs. Proctor & Colver, who spend hundreds of thousands of dollars annually to sing the praises of that meritorious article, have decided to use high-class newspapers, selecting only one in each community, and THE TRIBUNE will henceforth tell its thousands of readers the latest from the soap manufacturer. This important move on the part of the largest advertised article in the world to use newspapers will furnish something for thought to local merchants and manufacturers. CAN OPEN STREETS THROUGH TO WATER

Judge Melvin's Decision Is Important to Town of Berkeley.

BERKELEY, Jan. 17.—Judge Melvin's decision handed down yesterday in the case of the West Berkeley Land Company vs. the Town of Berkeley in the opening of Snyder avenue is one of importance to the upbuilding of Berkeley's water front. Through this decision the right of the city is settled to open streets through the State tide lands.

Every effort by the Trustees to open the streets of Berkeley through the State tide lands to the pier head line has been contested by the owners of the property between the shore line and deep water. It is permitted by State law to fill in the strip between the shore line and low tide mark, and from the low tide mark out to the pierhead line, owners of property may do what they choose with the property, provided they do not interfere with the free use of the water.

In the case of the West Berkeley Land Company versus the Town of Berkeley for opening Snyder avenue, Judge Melvin has decided that the town can condemn the property from the shore line right through to the pierhead line for the purpose of opening its streets. Other streets which will be affected by this decision are Channing Way and Allston Way.

A Reformation of Dead Cats.

A short time ago the self-styled Lincoln-Roosevelt organs were vehemently declaring that the organization Republicans—that is, Republicans who stand by their party and do not admit that it is corrupt and unfit to govern—were opposed to the administration and hostile to the candidacy of Secretary Taft. At that very time organization Republicans throughout the State were declaring in favor of Taft while the so-called Lincoln-Rooseveltters were shouting that it must be Roosevelt for a third term, and nobody else. Now those same newspapers, of which the Fresno Republican, Los Angeles Express and Sacramento Union are fairly respectable examples, are reproaching organization men for getting in ahead of them in supporting the Taft movement.

Having asserted, till they were black in the face, that the Taft movement in California was in covert opposition to President Roosevelt and intended to prevent his nomination, they now allege that the Taft movement is hostile to Taft, and that, therefore, the political off-horses who are strutting around and claiming to be the sole custodians of the principles of Abraham Lincoln and Theodore Roosevelt should be permitted to take charge of the Taft movement and send to the rear the men who originated it. Their argument—if argument it can be called—is: "We are honest and sincere, and better than the other fellows, and hence should take control of the party and lead." Reduced to plain English, this is a claim on the part of the rejected minority, on the ground of superior virtue, to the honors and offices within the gift of the Republican party—a party that they insist is debauched and corrupt, if they are not permitted to run it. These men say worse things about the Republican party than do the Democrats. Their newspapers continually clamor that the Republican party is a seething mass of iniquity and its leaders in Congress little better than pirates and emissaries of public plunderers and predatory corporations.

Under pretense of supporting President Roosevelt and his policies, they virulently attack the Republican party organization in nearly every State of the Union and persistently represent the Republican leaders in both houses of Congress—men who shape the legislation of the country and put into the concrete expression of law the policies by which the Republican party must stand or fall—as destitute of moral principle, patriotic impulse and honest intent to serve their country and their constituents.

All over California there are assembling conclaves of sore-heads, political Jonahs, party apostates, chronic kickers, general knockers and down-and-out squealers who assert that they alone represent the principles of pure Republicanism, are really the only honest elements in the Republican party, constitute the only real honest support the President has in this State, and are alone entitled to be regarded as worthy of the jobs, honors and places of authority. These Barnaby Rudge outfits and Tooley-street tailors, assisted by a few political man milliners and dilettante statesmen (out of a job) are crying out on the sins of the Republican party, as did John the Baptist in the wilderness, saying they alone can save it from death and rottenness; that no organization man can be honest or sincere unless he confesses himself a crook and a liar; that the party machine is in the hands of thieves and controlled as a predacious agent of wicked corporations.

All the boils, carbuncles, pimples and running sores which infest politics and perpetually irritate party organization and hamper party action are voicing this cry of woe to the grand old party, wearing sackcloth for the sins of its chosen leaders, and claiming the high seats and emoluments because they alone are righteous. The political misfits and miscarriages are all of one mind on this proposition. They are convinced that everything is crooked that they are not permitted to draw a salary for straightening out. They are forever warning the public that the goblins will take the whole business unless they are entrusted with the reins of authority and given a monopoly of the feed trough. Great is humbug and hypocrisy and vociferous are their prophets! Greater still is the gall of this class of reformers, but greater than all is their appetite for political pap.

CHIPS FROM OTHER BLOCKS.

Putting a medical man in charge of a hospital ship is a bitter pill to naval officers.—Deseret News.

We believe that the decision of the Appellate Court is not only honest, but good law.—Berkeley Gazette.

The proofs that Francis J. Heney is not a lawyer in the real sense of the word are as thick as blackbirds on a green lawn.—Los Angeles Times.

Some wealthy men in Nevada, against whom the government had conclusive evidence of fraud in public land entry, have been permitted to plead guilty and escape with the nominal fine of 24 hours imprisonment and \$1000. The imprisonment term is so timid that none of these rich rascals have to spend a night in jail. The poor devil who steals a loaf of bread to appease his hunger is not treated with so much consideration.—Woodland Democrat.

Highland orange growers have reached the limit of their endurance with Japanese pickers, and have fired the whole gang. White pickers will take their place. The Japanese are unreliable, quarrelsome, quick to take offense, and get drunk, when they are noisy and "fighty." The experience of Highland is exactly the same as that of other places. They are not cheap as laborers, when quality and amount of working is considered.—Redlands Citigraph.

The Indianapolis News has announced itself for "Harmony and Fairbanks." We were under the impression that Indiana was for Fairbanks for the head of the ticket, and not the tail.—Los Angeles Times.

There was more than one symptom during the trial of Schmitz that Judge Dunne was "blacksmithing" a good deal of law. There is not the slightest doubt but that he played to the gallery much of the time, and because of the overwhelming sentiment in favor of the punishment of the grafters, Judge Dunne stood up so straight on this question that he fell over backward, judicially speaking. Which is not surprising in a jurist who has credit for no greater accomplishments than had Dunne before he went on the bench of the Superior Court. But that Heney should have allowed his case to go so far awry, passes explanation. Heney ought to have known better than to allow his conviction to have been obtained by methods which an Appellate Court unanimously condemns, and which brings the greatest discredit on the movement to purge San Francisco that has yet befallen it.—San Bernardino Sun.

45 GRADUATES OF HIGH SCHOOLS GET DIPLOMAS

Rev. W. D. Simonds Delivers Address on "Character" at Commencement.

Members of the class of 1907, Oakland High School, held their commencement exercises at the high school observatory last night. There were forty-five in the graduating class. Principal James H. Pond made a few opening remarks and the Rev. William D. Simonds of the First Baptist Church delivered a masterful address on "Character."

A very pretty feature, one that was not on the program, was the unveiling of a beautiful framed picture of York Abbey, commonly called Westminster. The picture was presented to their alma mater by the graduating class. Floyd Gray making short address of presentation. The print was secured directly from Europe and Principal Pond pronounced it the best picture in possession of the school.

The Rev. Albert W. Parker opened the exercises with an invocation, which was followed by introductory remarks by J. R. Sutton.

Miss Irene Madeline read an essay on "Modern Patriotism," and "The Power of Habit" was the subject of a talk by Brainard.

REV. SIMONDS' ADDRESS. The Rev. Simonds said in part: "There are few things in the world so interesting as ambitious youth. But it is something grand when that ambition is linked with character. Without character no man can attain length of years and the respect of the people."

"In exact speech the word 'character' is becoming more and more to signify a blessing which depends on character and love is based on character. And character is based on religion."

"Lincoln is one of the grandest examples we have of a man of character. Despite rebuffs and belittlements at every turn he went straight ahead, carried on by the courage of his convictions. Our own President Roosevelt is another example. He is an impulsive man and has made many mistakes, but sincerity predominates in him and he has the respect of the nation."

DISTRIBUTION OF DIPLOMAS. After the address C. H. Redington, president of the city Board of Education, made the distribution of diplomas and the audience cheered as each graduate was handed his or her sheepskin.

The Oakland High School Glee Club rendered a number of vocal numbers throughout the evening.

LIST OF GRADUATES. Those who will be graduated are: Allen Anderson, Edna Lundegard, Alice Armstrong, May Maclean, Harry Armstrong, Agnes Macgregor, Emma Atterton, Evelyn McCormack, Helen Beckwith, Katherine McElrath, Roland Bendel, August Nor, Harold Burgess, Florence Farlee, Nellie Christensen, Asley Porter, Edith Coffin, Robert Ralph, Leon Critchfield, Randall, Marie Diekmann, Elnor Robinson, Harriet Ekrenberg, Frank Rolfe, Artie Eibush, Sanford, Eugene Ford, Margarette Seiffert, Floyd Gray, Nina Sherwood, Ida Gass, Mrs. Stierhoff, Carl Hoo, Thomas Stover, Anna Hunt, Thomas Waddell, Beat E. A great many people brighten their polished floors by wiping them, once or twice a month, with a cloth dipped in milk.

A better way is to use Ivory Soap and lukewarm water. Apply with a soft cloth. Use very little water. Wipe dry with another soft cloth. By following this method, you clean your floors as well as brighten them.

When you buy Lard you get more than you bargain for—It's heavier in your stomach than on the scales

Lard is a foe to digestion. If you had the stomach of an ostrich you could hardly withstand the ravages of lard-soaked pastry. You have probably found this out and already given up the eating of pastry. 'Tis wholly unnecessary! Anyone can eat and digest food cooked with COTTOLENE, the perfect shortening. It is a pure vegetable product, made from the best beef suet and choicest vegetable oil.

When you buy lard you have no protection as to quality—you simply know you are getting LARD—never mind the grade, it's just L-A-R-D. On the other hand, every pail of COTTOLENE in uniform—the product is guaranteed. You take no chances whatever.

In the face of these facts just ask yourself if you can afford to use hog lard when you can get pure, healthful, nutritious COTTOLENE.

CottoleNE is Guaranteed We hereby authorize your grocer to refund your money in case you're not pleased after having given COTTOLENE a fair test.

Never Sold in Bulk COTTOLENE is packed in pails with a patent air-tight top, to keep it clean, fresh and wholesome; also to prevent it from absorbing the disagreeable odors of the grocery, such as fish, oil, etc.

SAKE

Telegraph Ave., Bet. 16th and 17th Sts.

The marriage last evening of Miss Jeanette Fox and Edson Adams at St. Paul's Episcopal Church was the important society event of the month. The pretty ceremony was witnessed by three hundred guests, the Rev. Alexander Allen officiating. The church was effectively decorated in palms and ferns with a suggestion of pink to relieve the green color scheme.

The bride wore a wedding gown of white satin, trimmed with rose point lace. The back was modeled on the empire style, the long train being of heavy satin. The bridal veil was caught with a coronet of orange blossoms and she wore a handsome heart of pearls and diamonds the gift of the bridegroom. A shower bouquet of lilies of the valley completed her toilette.

Mrs. Henry Burweger of Chicago, a school friend of the bride, attended as matron of honor. Mrs. Burweger whose marriage was a recent event wore her wedding dress a beautiful costume of heavy white satin. Two little pieces of the bridegroom, Miss Mary Adams and Miss Helen Hawley, served as flower girls. Their dainty lings in frocks of white with big pink satin bows suggested the color scheme of all of the appointments of the wedding. The little girls carried large baskets of Cecil Bruener roses.

The bridesmaids, Miss Carolyn Palman, Miss Mary Adams and Miss Helen Hawley, wore gowns of pink crepe de chine, trimmed in white lace, and carried trays of bridesmaid roses, a unique feature of the wedding. Their ornaments were topaz pins the gifts of the bride.

Henry Adams attended his brother as best man. The ushers were Louis Orr, Jr., Thomas Knowles, Lawrence Fox, and Moylan C. Fox, Jr. An informal reception at the home of the bride's parents followed the ceremony.

After the reception an elaborate supper was served in an immense marquee erected on the lawn. Palms, bamboo ferns and garlands of pink transformed the scene into a fairyland. The bride's table was decorated in pink and green with a large bell of bridesmaid's roses directly over the table. Each member of the bridal party was presented with topaz gifts, the topaz being the birthstone of both bride and bridegroom.

After the supper the bride and groom will return to make their home in Oakland.

The bride is one of the most attractive girls in the city. Edson Adams is a young man of business and a banker.

Married by Justice But Not Rabbi

DENVER, Jan. 13.—Prevented from marrying after the Jewish custom the woman who by American law already his wife, Harry Hayutin, a young merchant at 831 Eighteenth street, after claiming that his wife's parents are the cause of his family difficulties filed suit in the district court for the sum of \$25,000 for the alienation of Mrs. Hayutin's affections. The parents of the bride, Mr. and Mrs. J. L. Kadish, paid Hayutin a dowry of \$500 when he was wedded to their

daughter a short time ago but now refuse to allow the ceremony to be performed which is necessary to bind the young people as man and wife in the eyes of their race. According to his complaint young Hayutin was married to Miss Katie Kadish, September 17, by Justice of the Peace Carlson, but since the date of the wedding has never lived with his wife because of the influence of her father and mother. Before the marriage Hayutin was a much sought young man being offered sums of money as dowry both by the father of

Baronet Needs Only

Sir Genielle Cave Brown Is Now Miner in Utah

DENVER, Col.—Sir Genielle Cave Brown who is twelfth baronet of a line that descended the magnificent Stretton estate in Leicestershire, England and who had it not been for an impolitic move as a youth, would now be in possession of the estate. In his youth when the fever of wandering was strong upon him Sir Genielle influenced by his father signed over his rights under the entail of the estate for £2,600. The father, Sir Miles Cave Brown, died one year ago, leaving a mortgage on the property to the amount of £54,000. The estate itself is valued at £100,000. Sir Miles spent all the income from the estate as it is said. The Atlas Insurance Company of England holds the largest claim against the property.

A letter received recently from Lady Isabel Cave Brown, who is now in

Worcestershire is brief and says in one place "Genielle has chosen his life for him abide by it." R. C. Cave Brown, rear-admiral in the British navy, has also written to the Denver attorney hinting that if Sir Genielle should return to England with sufficient money to raise the mortgage and come into his own again all would be well.

It is said that if he would marry a wealthy girl who believes the possession of a title dating back to 1642 and one of the oldest in England would be compensation for her thousands he could regain Stretton. The estate is in the finest hunting district of England.

Sir Genielle's history is one of romance. As a youth he was ambitious to enter the British navy but he failed in the examinations. He went to Australia, and there became a miner. From Australia he sailed for India, where he gained a reputation for bravery in the Afghan war. He afterward fought in the Boer war in South Africa and then drifted to America. He was in Western Colorado recently and went from there to Utah.

Bride-to-Be Who Journeyed Over Seas to Wed Says No At Altar

TOLEDO, Ohio, Jan. 17.—"Waiting at the Church," with all its pathos and sorrow, became a reality in Toledo when Father Walter Clapp, formerly rector of St. John's now missionary in the Philippines, was handed a note from the bride-to-be, as he entered the church, read, in substance that the bride had changed her mind and that there would be no wedding.

Father Clapp came from the Philippines just to wed Alice Thorne, daughter of Dr. S. S. Thorne, the oldest physician and surgeon in Toledo, one of the most prominent families in this section and for weeks great preparations have been made. Invitations were sent out both for the church wedding and for a big reception in the home of the bride in the

evening. Recently there was a church rehearsal which both attended, and everything seemed to be working nicely. This morning Father Clapp went to the church, but nobody was there. Investigation showed that the wedding had been called off. Further investigation revealed the fact that the friends had been reached by telephone last night and informed that there would be no wedding. Whether Father Clapp was informed could not be learned. At any rate, he was at the church this morning, and this afternoon he departed from the city without his bride bound for the Philippines.

All efforts to fathom the mysterious unmaking of the wedding have proved futile. The Thorne family is silent and their friends are all in ignorance.

Huge Storm Arises on International Sea Between Sailor, Age 82, and Wife, Age 16

NEW YORK.—Captain David Clark, eighty-two years old, a retired sailor, was brought up with a round turn in Newark charged with casting off the towline from his wife Ella, a sixteen-year-old and going voyaging by herself.

The weather-beaten tar who served in the Civil War and has a Government pension was arrested charged with deserting young Mrs. Ella, whom

he married at Freehold, N. J., his home port last April.

Overseer of the Poor Baldwin told the judge that Mrs. Clark who had been a seamstress at Freehold, complained to him on December 3 last that her husband had sailed away, leaving her in New York without food, water or compass. She learned he had a course toward Newark, and following him there had come to anchor at No. 141 Washington street. She was there until a week ago. Mr. Baldwin said, but he does not know where she is now.

In his defense the ancient mariner was ungallant enough to say that the sixteen-year-old girl pursued, boarded, captured him and made him prisoner for life.

But I did not mind it," Captain Clark acknowledged. "I bought and rigged up a little house for her and I thought she was happy. But one night she slipped out of harbor and took a three-months cruise. When she came back I forgave her but mighty soon there was trouble again."

She said she would like to put up in New York so we went there and after a little while she left me again. I did not know she was on the lookout for me. I'm willing to convey her wherever she wants a trim little craft, but she's got to stay in company."

The captain was paroled for a hearing before Judge Howell.

Carnegie Pensions Woman Who Bears Same Name As His Mother

PITTSBURGH, Pa., Jan. 16.—Because of her name Mrs. Margaret Morrison Carnegie will never want as long as Andrew Carnegie is alive.

Several weeks ago at his home in New York Mr. Carnegie received a letter from a little town in the State of Indiana the name of which the Carnegie agents will not divulge. It was signed by Mrs. Margaret Morrison Carnegie, which is the same name as was that of Mr. Carnegie's mother.

In the letter the writer stated that she was old and very poor being in actual want. She said that she had read in the newspapers of his founding a school in Pittsburgh in the memory of his mother, Margaret Morrison Carnegie. The name had attracted her attention for it was the same as her own.

She did not claim any relationship—in fact she explained that it was impossible that they could be related—but she thought that he might be interested in knowing that a woman who bore the same name as his mother, was in actual want.

Carnegie wrote to his agent here and asked that he personally make a thorough investigation. The agent hurried to the Indiana town and found that the case was exactly as stated by the writer of the letter. Carnegie upon receiving the report from his agent made provision for the immediate needs of the woman and then placed her on his pension list for life.

Brides Cause Scarce And Cannot Be In Army

NEW YORK, Jan. 17.—Girls will not marry army men now until the men establish themselves in civil life and vacancies at West Point that used to be sought eagerly, go begging," said Lieutenant Colonel Edwin F. Glenn, Twenty-third infantry, in an address yesterday afternoon in Sherry's to the New York City Chapter of the D. A. R., which celebrated the anniversary of General Washington's wedding.

Lieutenant Colonel Glenn attributed this destruction of home life to the expansion of the United States into a world power without corresponding expansion of the army. When the Spanish war started, he said, there were

twenty-five regiments of infantry and ten of cavalry. Now there are only thirty infantry and fifteen cavalry regiments. The health of the troops can stand only two years in the tropics and they should have four years at home to recuperate. With fifteen regiments scheduled for the tropics one for Alaska and only fourteen for home duty, the necessary relief from tropical service was impossible.

Burglar Beats Down Watchman in Vain Attempt to Secure Precious Collection.

(BY ASSOCIATED PRESS.)
NEW YORK, Jan. 17.—Burglars at-
tempted late last night to enter the
room in the American Museum of Na-
tural History where the famous Kunz-
Morgan collection of precious stones and
gems is kept, and John Kenny, a watch-
man, was perched fatally injured before
they were driven away.
At a late hour Kenny was making his
rounds and opened a door leading from
the main corridor into the stuffed bird
room, from which double iron doors lead
into the gem room. As he opened this
door he was struck on the head with
some heavy instrument, and half-
stunned. He quickly grappled with his
assailant, but the latter drew a pistol
and fired, the bullet passing through
Kenny's hand. Then, striking Kenny a
blow in the face that knocked him
down, the burglar escaped.
As soon as he recovered sufficiently,
Kenny crawled to a window, and after
blowing his whistle for aid, made his
way to the front door, where he found
a policeman. The reserves were sent
for and the building was thoroughly
searched but no one was found, an open
basement window showing where the
burglar escaped. Kenny's skull may be
fractured.
The Kunz-Morgan collection of gems
which consists largely of gifts to the
museum from J. Pierpont Morgan is one
of the largest, most complete and val-
uable of the kind in the world. Its cost
was more than \$500,000, and it would
probably be impossible to duplicate it.

FOR SOUR STOMACH

This is one of the numerous re-
sults of faulty digestion and often
is accompanied by belching, bloat-
ing, headaches and distaste. To
relieve this condition and restore
the digestive organ to their normal
condition the following formula is
said to work wonders.
"Two ounces Essence of Pep-
sin, three ounces Syrup of Ginger,
one ounce Calanch Compound, mix
these well and use in doses of from
one to two teaspoonsful after each
meal also at bedtime for the first
few days.
This can be prepared by any
prescription druggist or the in-
gredients can be secured and easily
mixed at home.
This is what is known as the
"Pasteur formula" and most drugg-
ists are familiar with its won-
derful curative powers on the di-
gestive organs and bowel tract, as
it will in a short time correct their
action and restore them to a
greatly improved healthy condition,
which means an improvement in
the health of the whole system."

RICH WOMAN LEAPS NINE STORIES TO DEATH

HERE LIES THE SLEEPING BEAUTY

Chicago Woman Wants Inscription on Her Tomb

(BY ASSOCIATED PRESS.)
CHICAGO, Jan. 17.—"There shall be inscribed upon my tomb in German and in large golden letters this epitaph, 'Here Lies the Sleeping Beauty'."

This was the odd provision in the will of Mrs. Alvin Schaeffer, which was filed yesterday for probate. She was 45 years old, and died two weeks ago. She was the divorced wife of Henry Schaeffer, a well known Chicago hotel man.

Mrs. Schaeffer disposes of \$20,000 and practically all of it, except small annu-

ities to brothers and nephews living in Magdeburg, Germany, is to be devoted to the purpose of giving festivals for the German orphan children in this city.

The will provides that a "weeping willow tree and a tombstone, the two not to exceed \$500 in cost," be placed above her grave.

It is also requested that Mrs. Schaeffer's poodle dog, "Lottie," be given to "one of the richest families in the city," and that \$70 dollars a week be set aside for the dog's maintenance.

SPRINGS OUT WINDOW OF HOTEL WHILE INSANE

Body of Society Woman, Clad in Night Robe, Horribly Crushed in Fall of 100 Feet.

NEW YORK, Jan. 17.—Mrs. Herbert M. Sears, wife of a retired broker of Boston and a member of one of the best-known families of that city, committed suicide today by jumping from her room on the thirteenth floor of the St. Regis Hotel, while temporarily insane. Her body fell upon the roof of a four-story building adjoining the hotel and was terribly crushed.

Mrs. Sears was 37 years of age, and prior to the beginning of the mental trouble which resulted in her suicide, occupied a position of social prominence in Boston.

For nine years she had been suffering from a nervous disease and at intervals during that time came to New York for treatment by Dr. Joseph Collins.

Mrs. Sears came to New York nine days ago for treatment accompanied only by her maid. When Dr. Collins left her last evening she seemed in a normal condition. Her nervous disease had pre-

viously taken the form of melancholy and Dr. Collins said today that she supposed she suffered a recurrence of one of those attacks during last night and jumped from the window while in a fit of temporary insanity.

Mrs. Sears' maid occupied a room adjoining that of her mistress last night and knew nothing of her action until told of it by the hotel employee after her death.

About 2:30 o'clock this morning occupants of a building adjoining the hotel heard the body fall upon the roof of that building, and on investigation found it lying one hundred feet below her apartments. A letter to Mr. Sears was found in her room. It will be given to Mr. Sears when he reaches this city.

The body of Mrs. Sears was dressed only in her night clothing and the appearance of her room indicated that she had been lying in bed reading. The door leading to the maid's room was bolted.

NEW YORK MAY BE DRY SOON, AS WELL AS BLUE

NEW YORK, Jan. 17.—A thousand New York saloonkeepers met last night to protest against the proposed action of the brewers in raising the price of beer \$1 a barrel. Many of those at the meeting advocated a refusal to pay the advance, and instead to close their saloons. The chairman, after the meeting stated that a committee would be appointed to call on the brewers today and if they did not agree to continue the price of beer as it has been, one thousand saloons would close their doors.

Ruef and Schmitz were both in court accompanied by their attorneys and the prosecution was represented by assistant district attorney William Hoff Cook.

FRENCH DISPERSE ARABS IN BATTLE IN RAVINE

TANGIER, Jan. 17.—A terrific ten-hour engagement occurred in a ravine near Setaat Wednesday between a French column under General Yamade and a column commanded by Mulai Rachid, one of the chiefs of Mulai Hafid's forces. The French, in the face of heavy odds, dispersed the enemy and occupied Setaat. Twenty of the French soldiers, including three officers, were wounded. Many Arabs were killed.

BRITISH CABINET STAMPEDED BY SUFFRAGISTS

Women Tie Themselves to Posts With Chains When Arrested.

(BY ASSOCIATED PRESS.)

LONDON, Jan. 17.—The arrival of the ministers at Downing street today to attend the first meeting of the cabinet before the assembling of parliament was made the occasion of a public demonstration by the suffragettes. The police anticipated trouble and a large force was present, but the women succeeded in making their way inside the residence of Premier Campbell Bannerman and five arrests were made before order was restored.

Some of the demonstrators adopted a novel manner to prevent being carried off by the police. They had attached to their belts stout chains, which, when they saw the police about to lay hands on them, they quickly threw around the iron railing in front of the building. The police had to break these chains before they could get the women away.

The suffragettes subsequently were arraigned in the Bow street police court. They refused to give securities for the good behavior and were sent to prison for three weeks.

\$250,000 LOSS IN MASONIC TEMPLE FIRE

Baltimore Edifice Burns and Firemen Risk Lives to Save Valuable Equipment of Order.

(BY ASSOCIATED PRESS.)

BALTIMORE, Md., Jan. 17.—The Masonic Temple, on North Charles street, between Lexington and Saratoga streets, was gutted by fire early today. All of the structure above the second floor is a hollow shell. The loss on building and Masonic equipment was placed at \$250,000. The building, which is owned by the Grand Lodge of Masons, is insured for \$300,000 and the contents for \$36,000.

The first floor was occupied by several stores, all of which were damaged by water. The upper floors were devoted to lodge rooms, all of which were elaborately and sumptuously furnished, while the walls were exquisitely decorated in oil colors. There was also in the building many rare and fine oil paintings. The records and archives of the Grand Lodge are believed to be intact, as they are all kept in a huge vault in the cellar.

The flames leaped in the air to a height of several hundred feet, the buildings for several squares around being lighted by the reflection.

One of the incidents of the fire was the daring of a squad of ladder men, who, despite the great sheets of flame and clouds of smoke, crawled with a hose to the cornice of the main roof and remained there nearly half an hour. The intensity of the heat caused great quantities of tiles to fall, but despite the danger the firemen remained at their posts. Inch by inch they fought the fire back until the water tower was placed in position.

This is the second time the Masonic Temple has been a prey to flames it having been destroyed on Christmas day, 1890.

POPE SUFFERS FROM GOUT; IS ORDERED TO HIS BED

ROME, Jan. 17.—Owing to an attack of gout, the Pope has been reluctantly obliged to suspend his audiences. He was visited yesterday by his private physician, Dr. Petrucci, who insisted that the pontiff go to bed, and to this the patient consented. The gout caused acute pains and a swelling of the knee. On hearing of his illness the Pope's sister came to see him and expressed the desire to nurse him.

DIG GRAVES ALL NIGHT FOR THEATER VICTIMS
BOYERTON, Pa., Jan. 17.—The uncommon sight of a gang of Italian laborers digging graves by the light of the moon for the burial of the dead of the Rhodes opera house disaster was witnessed in Union and Fairview cemeteries here last night.

So many funerals are to be held today, tomorrow and Sunday that the borough authorities found it necessary to keep at work all night. Today found this part of the work almost completed. A large number of funerals were held today and many sad scenes were enacted as one or more members of a family, were laid to rest in the hurriedly prepared graves. The coroner placed the number of dead at 178.

EAST GOES WILD OVER OLD-TIME TIVOLI SINGER

Mme. Tetrassini Received With Enthusiasm by Music-Lovers and Critics of New York.

Mme. Tetrassini, this won New York music lovers all are discussing her first appearance in Tivoli and are setting that they have so long been denied the pleasure of hearing her. Here are some comments by musical critics of New York.

From the Sun: Madame Tetrassini has a fresh clear voice of pure soprano quality and of sufficient range to sing the most difficult of the staff close its furthest flighs above the staff. The perfect timbre condition and youthful timbre of this voice are asuring charms and to these must be added a splendid richness in the upper range. Indeed, the best part of the voice was heard last evening from the G above the staff to the high C. The B flat in "Sempre Libera" was a tone of which any singer might have been proud. The high D in the same number was by no means so good and the high E flat which the singer took in ending the scene was a head tone of thin quality and refused to stay on the pitch.

VOICE IS EXCEPTIONAL.

From the Times: Her high notes have contributed largely to her fame and high notes in an operatic soprano are very much to be reckoned with. Her voice is an exceptional one in the firmness and clearness and apparent ease with which she takes and prolongs these tones. When on the end of the air, "Ah, For

she took a high C and swelled and diminished it with evenness and precision and at the end of the succeeding "Sempre Libera" she sustained a strong and clear E flat. Of course, what ever the artistic value of this may be it is in the highest degree impressive and it set the audience in an uproar.

From the World: Tetrassini has a voice of world-wide flexibility. Its range is great. Her middle register is luscious. She takes her upper notes with birdlike sweetness. Her lower tones are clean cut, even when she falls into an odd utterance that savors somewhat of a child's. There is never a sign of effort. Her singing seems to be the easiest and most natural thing in the world. Tetrassini's voice is not only full of color—it is a marvel of dramatic expression. She is not content with giving an artistic rendition of the melodies. She makes the notes significant. They almost speak sentences.

Ashton Stevens says in the New York Journal: At the end of the first act there broke out such an ovation as had never been witnessed. It wasn't the mere applause, it was a people giving their judgment again and again—a people that crowded the Manhattan Opera House to the last row of standing room and voted as they stood or sat that Tetrassini was

great as great as London had named her—a second Patti.

WESTERN DISCOVERY

New York has put its great seal of approval upon Tetrassini but it can never enjoy the feeling of proprietorship in her that San Francisco has. She was known to the people of the City of Mexico and those of the larger cities of South America for several years but her American discovery—the one that counts—was made in San Francisco.

The wonder of her voice and her singing were never given adequate acknowledgment until she made her appearance at the Tivoli. Accustomed to the regular season of Italian opera at that memorable show house San Francisco's interest in the one that brought Tetrassini was nothing out of the ordinary. In point of fact the advance notices given out by the press agent were not so extravagant as in former years.

It was a large audience that gathered that first evening not because Tetrassini was going to sing but because of loyalty to the Tivoli that had made San Francisco an American Milan. There was some comment that the management should have announced Rigoletto instead of Aida, which was a sort of mascot opera having opened every season for a decade or more. The first scene moved smoothly because the company as a whole was above the average, but when Tetrassini appeared in the second the audience sat upright at her first note and before the high C of "Caro Nome" had died away the audience was cheering. Faithful to Sembrich and Melba, some of the critics hesitated to proclaim Tetrassini another Patti, but in good time their acknowledgment of her position in the world of song was given without reservation.

AT LAST RECOGNIZED.

The people who thought Tetrassini could not be entitled to first honors because she had been singing for a dozen years without having been discovered by

Europe were the ones slow to do her full honor. When questioned as to her career Tetrassini said that when she first appeared in Italy the agents of promoters of singers demanded money from her for words of praise. To them she declared that if her voice was not good enough to gain distinction for her she would never buy her way to fame. So it was that, unheralded, she had appeared in obscure opera houses in Europe and then as far as the world of music was considered was buried in Mexico and South America.

Coined heard her sing on the steamer when she was en route to Mexico before coming to San Francisco and recognizing that she had found a singer who would bring fame to his company he promptly made the famous contract that Tetrassini proceeded to repudiate. She could make more money in San Francisco than Conried agreed to give her. Then came the suit in the federal court of this city and Tetrassini was permitted to sing on the ground that even if her contract with Conried were good it did not commence to run until November and that her singing in this city could not affect her appearance in New York. Tetrassini went to Mexico instead of to New York in November and defied Conried.

And now she has made her appearance in New York in spite of the manager who misused his chance by insisting upon a miserly contract.

BLOODY FEUD OF TONGS KEEPS MEMBERS IN FEAR OF TRAGEDY

TWO OF MURDERS WERE MISTAKES

Hired Assassins Lurk About and Further Trouble Is Expected.

Hired assassins of the Bing Kong tong, which is at war with the Hop Sing Association, have made two serious errors in the past few days; having killed Gin Hee, who was shot to death yesterday morning at Fourth and Washington streets in mistake for a cousin of the same name, and killed Wong Wing at Steno, in mistake for another man whom he resembled in appearance.

It was learned by the police this morning that a Chinese member of the Hop Sing tong, named Gin Hee, who is employed at Fourth and Washington streets, was marked for slaughter by the Bing Kongs. His cousin of the same name, who was killed yesterday, had gone to the Fourth street house to warn Gin Hee that he was in danger of assassination. When he was leaving the place he was followed and shot six times by Wong Git, who is under arrest at the City Prison. Wong Git had mistaken Gin Hee for the cousin of the same name. The murderer was in the police court this morning and his case was continued until tomorrow, pending the filing of a complaint.

AT WAR A YEAR.

Within the past year and ten days, four prominent Chinese members of the Hop Sing tong and four as equally as prominent Bing Kong men have been shot to death as a result of the bitter feud which opened between the warring tongs in this city on January 6, 1906, and the end is not yet. Other Chinese members of both tongs of less importance have been killed in various sections of the State, but the eight in question are those whose deaths have kept the pistols popping in San Francisco, Sacramento and Oakland. Those killed and the date of their death follow:

January 6, '07—Lee Bock Dong, president of the Hop Sing tong.
August 21, '07—Lee Hong, a Bing Kong man.
September 13, '07—Lee Chung, a Bing Kong man.
November 27, '07—Chun Tung, a Bing Kong man.
December 7, '07—Wong Foon, interpreter for the Bing Kong tong.
January 10, '08—Wong Wing, an alleged Hop Sing man, shot by mistake.
January 13, '08—Lee Hoy, who succeeded Lee Bock Dong as president of the Hop Sing.
January 18, '08—Gin Hee, an alleged Hop Sing man, shot by mistake.

BLOODIEST FEUD.

The bloodiest feud in the history of Chinese disunion which has cost these eight men their lives, broke out between the Bing Kong and Hop Sing tongs in Oakland on the morning of January 6, 1907. This feud was not the result of a quarrel over a woman as has been reported,

WONG GIT, ACCUSED OF BEING DESPERATE HIGH-BINDER AND MURDERER OF GIN HEE.

but was in reality the consequence of the murder of a Chinese farmer from Walnut Creek, Contra Costa county, who was shot dead on the morning of January 6, 1907, in front of a fruit store in the Chinese section, by two Hop Sing gunmen who had a personal quarrel with the Chinese farmer, a member of the powerful Bing Kong association. His murder so incensed his fellow-tong men that they decided to strike high up in the ranks of the Hop Sings. Lee Bock Dong, president of the Hop Sings was marked for slaughter and on the night of January 6 of last year, he was shot dead as he was dining with his wife and family in his home on Webster street, Hong King Bo, Ah Yau, Fong Too Lung, Wong Sue and Wong Yet, all Bing Kong men, were arrested as his murderers. While they were in jail awaiting trial, a truce was declared and the arrested men were released for lack of prosecution. This truce, rather than the feud, was declared because of a woman—the absence of a woman who was the principal witness for the prosecution.

She was Ah Kee, a comely Chinese slave girl who was being held for a debt of \$2000 by Lee Bock Dong. She witnessed the murder of the Hop Sing president and knew each one of his slayers. She was arrested and held in jail as a witness for the prosecution.

SPIRITED AWAY.

The Bing Kong leaders in their successful efforts to prevent the conviction of their tongmen under arrest, secured the release of Ah Kee through habeas corpus proceedings and spirited her away to Sacramento where she was kept in hiding. Without her testimony there seemed no chance to convict the accused Chinese and they were released. The truce was now declared and was kept for about nine months. The war was renewed with the killing of Lee Hong on August 31, 1907. Three other Bing Kong men were killed in succession before a Hop Sing man was shot down.

Louie Bing, Chen Gue and Jue Lim were arrested for the murder of Lee Hong, were held for trial to the Superior Court and are now in the county jail. This murder was followed by the killing of Lee Chung, a prominent Bing Kong man by Wong Lung, who is awaiting trial. Then on November 27, 1907, Chun Tung, a Bing Kong man was murdered by Lee Loy Sing, who was arrested and held for trial. Wong Foon, interpreter, an advocate of peace and one of the best educated Chinese on the coast was the fourth Bing Kong man to be killed in succession. He was shot dead in San Francisco by Fong On on December 7, last. His death was a sad blow to his tongmen.

NOW AGGRESSIVE.

Up to this time the Bing Kong men had been on the defensive, having trusted to the courts to punish the Chinese under arrest for murder. But with the killing of Wong Foon, the Bing Kongs took the aggressive and Wong Wing, Lee Hoy and Chin Hee, Hop Sing men, were shot down in quick succession. Wong Wing was killed by mistake at Steno by a Bing Kong man, who shot him in the back as he was seated at dinner with about forty other Chinese, all employees of the Metropolitan Match and Fuse Company at Steno. Chuey Sing, a half-breed Chinese whose mother was said to be a negress and whose face had a sinister expression because of a glass eye in the left socket, was arrested on suspicion of the murder. He was released on a writ of habeas corpus, as were Lee Sing and Wong Kim, his alleged accomplices. Lee Hoy, the Hop Sing president, was killed in Sacramento Wednesday night, January 15 last, by seven Chinese, who filled his body with

FIRST WARD CLUB OF REPUBLICANS

Voters of the First ward met last evening at 4175 Montgomery street and formed a club to be known as the First ward Republican Club. It is composed of property-owners and young men who are for the advancement of the ward by public improvements and by politics.

George H. Denison was elected president; Frank M. Shay, secretary; H. M. Carlton, treasurer; R. J. Larkin, sergeant-at-arms. The executive committee is composed of R. Johnson, R. A. Shay, H. M. Carlton, G. H. Denison and Frank M. Shay.

The club was addressed by several of its members, one of whom said: "The First ward has grown wonderfully in the last two years, and, in a few years, will be a fine place to live in. There are streets, fine homes mark the landscape and everywhere is seen the work of making a fine residence district."

The club has been promised the aid of improvement clubs in the district.

BRAVE FIREMAN VICTIM OF THIEF

Elliott Whitehead, the brave fireman of engine company No. 1, who led his men to the rescue of Arthur Containo who was pinned to a roof of a building by the falling of an iron pole from a wireless telegraph station during the fire which destroyed the Pacific Press building, Twelfth and Castro streets Wednesday night, was robbed of his bicycle during the fire. He rode his wheel to the place in answer to the alarm and when he started for home after the blaze was extinguished he found his wheel gone. He has reported the theft to the police.

IT WAS A COLD DAY WHEN COLE'S COAL WAS STOLEN

Harry Cole, engineer of a city steam roller in the street department, was warm and angry on the coldest day of this week over the theft of three sacks of coal from Cole's roller while it was standing in front of the Cole School, which was named after Engineer Cole's father, Dr. Cole. When Cole reported the theft of the coal to the police department he said that he had left the coal on the roller by the Cole School on a cold night, and presumed someone without funds had taken the coal to keep out the cold. Detectives are in search of the coal which was stolen from Cole's steam roller while it was in front of the Cole School, which was named after Cole's father, Dr. Cole.

CHINESE TRICK
U. S. OFFICIALS

Maps of Chinatown Sent to Orient
for Prospective Immigrants
to Study.

SAN FRANCISCO, Jan. 17.—It has been known for some time that the immigration inspectors were being deceived by Chinese who alleged they were born in San Francisco, and yesterday one of the schemes used to delude the inspectors was discovered. Hart N. North, United States commissioner of immigration, discovered a map on an immigrant showing Chinatown as it was before the fire, and the fraud was then made clear. It carried instructions how to answer questions regarding the plan of the city and of important events of the past.

Previous to the passage of the Chinese exclusion act in 1882 the immigration department kept no record of immigrants admitted at San Francisco. The Chinese knew of this and when questioned they claimed they were born in the United States before 1882 and that they went back to China just before the passage of the act.

In order to prove that the Chinese did live here, the inspectors have been in the habit of asking the location of buildings, streets and car lines. To these questions the Chinese were able to give a satisfactory answer and the inspectors had to admit them.

Commissioner North believes these maps were sent to China and carefully studied by prospective immigrants who were thus able to answer questions on Chinatown. The map contained instructions for those questioned.

Glove
Specials
For
Ladies
and Men

Big buyers of gloves — and we are among the biggest buyers in California — are often given special opportunities to secure staple lines at much less than the regular factory prices. The makers give these special concessions for various reasons. Sometimes their output is in excess of the demand; sometimes they need some quick money; again just at present the market is somewhat unsettled and consignments are sold at a big reduction rather than have them returned.

This talk will give you an idea of why we are able to make these special offers this week.

FRESNO POLICE
PRAISE SHIELL

Send Letter Congratulating
Oaklander for Bravery at
Time of Tragedy.

Oakland is not alone when it comes to recognizing the deeds of a brave man. Thos. Shiell yesterday received a letter from the Police Department of Fresno, where Shiell formerly resided, congratulating him and speaking in the highest terms of his brave act. It is signed by every member of the department.

The following letter speaks for itself:
"Fresno, Jan. 11, 1904.
"Mr. Thos. Shiell, Oakland, Dear Sir: The members of the Police Department of Fresno have read with much interest the account of the heroic part played by yourself in connection with the capture of F. S. Doyle, who shot and killed Policeman J. J. Fenton while the latter was engaged in the performance of his duty. The bravery and daring which you displayed on that occasion has caused your friends and acquaintances, as well as every citizen in Fresno to be proud of your performance.
"Appreciating the courage displayed by you, we, the undersigned members of the Fresno police force, desire to express our admiration and congratulate you on the promptness with which you came to the assistance of Officer Fenton, and the cool and nifty manner you exhibited in bringing down his assassin.
CITIZENS CAN AID.
"In the line of their duty officers frequently encounter such experiences as did Policeman Fenton, and it is at such times that private individuals can render valuable aid in the capture of criminals. It is seldom, however, that the average citizen has courage to come to the rescue. Your bravery, therefore, under the circumstances is all the more commendable.
"With best wishes for your future prosperity, we remain,
"Very Truly Yours,
"Wm. Shaw, Chief of Police, Ben Drenth, city detective, John G. Goehring, patrolman, F. E. Dare, clerk of Police Department, T. F. Coyle, patrolman, S. G. Davis, patrolman, Jas. L. Connelley, city detective, A. D. Hayes, patrolman, Henry Russell, police court bailiff, John T. Kennedy, H. L. Correll, Gen. E. Maolen, sergeant of police, J. L. Broad, Wm. Maher, Leo Leon, W. Harry Knight, H. R. McCall, Ed. B. Bradley, Walter H. Johnson, patrolman."

After forty-one years of constant active business life in this city William Wilson, pioneer jeweler and oldest merchant in Oakland's business life, has concluded to retire for a year and take a trip around the world. Mr. Wilson has boxed and stored his stock of jewelry and about April 1st he contemplates sailing for his native land, England, where he will revisit the scenes of his youth.
More than forty-one years ago Mr. Wilson arrived in Oakland when the city was a comparatively small town. He came here equipped as an expert watchmaker and from small beginnings eventually became the leading watch and jewelry dealer in this city. For many years he also made a specialty of fraternal society emblems. After the earthquake of April, 1904, he removed his place of business from Broadway, on which street he had been located 39 years, to San Pablo avenue. Since that time he has been disposing of the major portion of his stock of jewelry with the purpose in view of taking a much needed rest and vacation which he will begin in the near future.

SAN FRANCISCO, Jan. 17.—The George Gilbert saloon, corner Main and Mission streets, was entered by burglars early this morning, and \$10 taken from the cash drawer besides a quantity of whiskey and cigars. Special Officer F. A. Harting and Policeman H. F. Walsh found the door open and reported the matter of Proprietor Henry Bogel. The officer set out on a search for the culprits and H. H. Benson, a cook, was arrested on suspicion.

VIRGINIA CITY
LIKE OLD DAYS

John J. Carroll Reports Comstock
Mining Camp in Flourishing
Condition.

According to John J. Carroll the popular boniface of 451 Tenth street, the old Comstock mining camp of Virginia City looks as good to him now as it did when he left the mines there fifteen years ago. Carroll this morning arrived home from a brief visit to the Nevada town, having been called there a few days ago to attend the obsequies of his wife's mother, who was one of the pioneer women of Virginia City.

The old Comstock camp looks good to me, said Carroll today. In fact it looks fully as good as it did when I left there fifteen years ago. I worked for years in the mines of the Comstock and am quite familiar with conditions of the past camp. Now there are not fewer than 500 miners working in the Comstock mines. They and their families and the other people of the town constitute quite a respectable camp in size. All seem to have money and the stores, shops, restaurants, saloons and hotels are doing well. You have to pay \$8 for a rig as I found out to go to a funeral and prices in other respects are maintained.

Miners get \$4 a day below ground, and every man or boy who goes below ground is paid that wage. The miners union of Virginia City is one of the oldest in the country, and is a self-conducted body. There is absolutely no trouble between miners and mine owners. There was no discussion as to the matter of calling of troops to Goldfield that I heard. For all that might be heard on the streets of Virginia City the Goldfield incident might have occurred in Africa.

The Comstock mines are now being worked on a reformed scale—a less expensive scale than formerly, and the result is they are taking out ore at a profit. While I went on a sad mission to Virginia City I was gratified to see the evidences of prosperity which abound in the old camp. I saw a number of old-time miners, and a whole lot of new faces. You don't have any applications for "assistance" in that camp, as all the men have money in their pockets and are determined to maintain the camp's reputation for hospitality as in the old days.

SMASHES WINDOW AND
CARRIES OFF LIQUOR

SAN FRANCISCO, Jan. 17.—The sight of whiskey, wine and brandy on display in Raphael Brothers' window, 38 Stockton street, was too much for James Maguire, a teamster, who happened by about 5 o'clock this morning, so he took a cobbie stone broke the window and took as many bottles as he could carry. He had gone only two blocks with his load when he was spied by Policeman McDonald, who took him into custody.
Later Policeman Hurd found the broken window and Maguire was charged at the southern station with burglary. The man's work was not altogether in vain, as he had looted the contents of two bottles before arrested.

Feel languid, weak run-down? Head aches? Stomach "off"? Just a plain case of liver fever. Burdock Blood Bitters tones liver and stands everything. One pill a dose. Purifies the blood.

OBTAINS DIVORCE DECREE

DESERTION WAS CAUSE OF SUIT

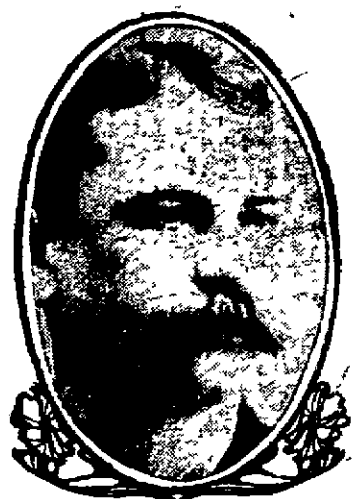

Judge Carroll Cook Granted Separation—Action Secretly Conducted.

SAN FRANCISCO, Jan. 17.—Mrs. Marthe Hebbard has been granted an interlocutory decree of divorce against Superior Judge J. C. E. Hebbard. The grounds were desertion.

The divorce was granted Monday, great secrecy surrounding the proceedings. Judge Carroll Cook signed the decree at the noon hour when his court room was empty.

The marriage of Hebbard with Miss Schroth, which took place April 24, 1889, was his second matrimonial venture. He was separated from his first wife also by divorce. There are no children of the second marriage.

Only brief testimony was necessary to establish grounds for an interlocutory decree. Mrs. Hebbard said her husband had left her in November, 1906 and had not since contributed to her support.

SENATOR FULTON

Prosecutor Opens Argument Before Federal Court in Land Fraud Case.

PORTLAND, Ore. Jan. 17.—Francis J. Heney, in his opening argument in the Hall-Mays land fraud case, launched his first javelin at United States Senator Charles W. Fulton when the hearing was resumed in the Federal Court yesterday morning. Heney began his argument. In brief, he said that during the several years prior to 1903 the Butte Creek Lumber Company and the Lumber Company caused the illegal filing on and secured government lands in Eastern Oregon, located in such manner that one claim, joined with another, formed a hollow square that enclosed a vast area of government land.

During the years that the company had been securing these claims Heney stated, both Hall and Mays, the latter Assistant District Attorney, were repeatedly notified of what was going on by small land-owners in that section. Fulton at that time was a candidate for the United States Senate, and his election, Heney alleged, depended upon the support he was to receive from Hall. It is charged that he entered into a compact with the latter whereby he used his influence to block any action against Hall for his laxness and to secure his appointment as United States Attorney.

EFFECT COAST

Legislation at Washington Which Is of Interest to California.

WASHINGTON, Jan. 17.—The committee on commerce reported favorably yesterday Senator Perkins' bills for the erection of lighthouses and fog stations at San Pedro and Punta Gorda. Both bills carry appropriations.

A bill was also reported favorably for making Monterey and Port Harford subports of entry. The President yesterday nominated Motley Flint to be Postmaster at Los Angeles, Cal.

Secretary Metcalf has withdrawn the request made to Congress for a deficiency appropriation of \$22,350 for equipping the hospital ship Relief soon to be put into commission on the Pacific Coast in command of Surgeon Stokes and to be manned by civilian officers and crew. The call for recently have been withdrawn from commission and the money thus saved will be diverted toward fitting out the Relief.

Senators Foraker and Dick did not hesitate to let it be known among their colleagues yesterday that they would continue to frustrate as far as may be in their power any alleged attempt of the President to turn Federal patronage into a machine for nominating a Presidential candidate. The success of these two Senators Wednesday in securing the rejection of four Ohio postoffice nominations had aroused the Senate to a knowledge of the fact that they are investigating at present time no less than twenty-five Ohio appointments which have reached the commission on postoffices and postroads and have been referred to Senator Dick as a sub-committee.

REBATING CHARGE

State Railroad Commission to Question Officials of Southern Pacific.

Officials of the Southern Pacific Company must appear before the Railroad Commissioners on the 12th to answer the charge of rebating.

Evidence pointing to rebating was discovered when the Interstate Commerce Commission had the corporation on the carpet last October. Now the Railroad Commission will make an investigation of its own. If found guilty the penalty provided in the State constitution—a fine not exceeding \$20,000—will be imposed, and the Superior Court will be required to enforce the decree. Officials violating the law in this respect are subject to a fine not exceeding \$500, or imprisonment not exceeding one year.

Some uneasiness was created at the war department yesterday by the receipt of a report by cable at the army headquarters at Manila that Asiatic cholera had made its appearance on the island of Mindanao.

JUROR WAS 'FIXED'

Prosecutor Hanley Charges Man Who Prevented Agreement a "Ringer"

After the jury in the trial of John J. Tansey for the murder of Policeman Edward McCartney had been discharged last night by Judge Cook, when he saw that an agreement was an utter impossibility, Assistant District Attorney James Hanley, who had the case in hand for the prosecution, charged Juror Cotton with being "fixed" and a "ringer."

While the other eleven jurors stood unanimously for a verdict of guilty, B. Cotton voted for the acquittal of Tansey. He never receded from his position but constantly reiterated the statement "Tansey told the truth."

The efforts of the other men to coerce, argue or influence proved unavailing. The jury was dismissed at 5 o'clock, after having been out since late Tuesday night.

HIDES UNDER SOFA IN FEAR OF DEATH

SAN FRANCISCO, Jan. 17.—Cassie S. McLeod was granted a divorce yesterday from William McLeod a plumber on the ground of extreme cruelty. She testified that on one occasion she had had to hide under a sofa while her husband, armed with a rifle pointed for her with the avowed intention of killing her.

Medicine is not much use to cure consumption. Fresh air and clean living are the essential forces to combat the dread white scourge. A little medicine should be employed to prevent the germs from settling in the lungs, and coughs and colds should not be neglected. To break up a cold quickly and cure any cough that is curable, mix a half ounce Virgin Oil of Pine with two ounces of glycerine and a half pint of good whisky. Shake well and take a teaspoonful every four hours. Five ounces of tincture of Cinchona compound can be used instead of whisky with the same effect. This mixture will usually break up a cold over night. Care should be exercised to use only the genuine Virgin Oil of Pine, which is prepared in the laboratories of the Leach Chemical Co., Cincinnati, O. and put up for dispensing only in 16-ounce vials each securely sealed in a round wooden case. It is better to purchase the different ingredients separately and mix them at home.
